## Benefits

### Tuition

The University of Chicago **Educational Assistance Plan** gives you and your dependent children several educational assistance options, depending on your position and, in some instances, your years of consecutive employment in an eligible position at the University. Benefits for **staff employees** includes tuition assistance for classes at the University for themselves and tuition assistance for their eligible dependent children at the University and the Laboratory Schools. Benefits for **faculty and other academic appointees** includes tuition assistance for their dependents at the University and the Laboratory Schools.
